

# Ruban isolant Autoextinguible Teco 19mm x 0.15mm x 25m NOIR

Internal Reference: NI16N

Adhesive PVC insulating fabric

For electrical insulation and mechanical protection in domestic and professional applications

Suitable for use in extreme conditions (very low or very high temperatures, high mechanical stress)

Good resistance to acids, bases and atmospheric conditions

Temperature range: 0 to +90°C

Self-extinguishing

## Characteristics

Length	25 mm	Color	noir
Width	19 mm	Thickness	0.15 mm
